

Specifications:	
Model	simpleSwitch 240CT™
Functionality Achieved	“SHED THE POWER”
Weight (pounds)	5 lbs.
Tight Space Specialist	7.58 x 7.58 x 4.90 in
Weather & Dust Protection (NEMA rating)	Type 1, 2, 3R, 4, 4X, 6, 6P, 12, 13
Mounting	Indoors / Outdoors
Maximum Breaker Size	50Amp
Power Connection (Volts/Amps)	208/240VAC 50Amp Breaker Max
Full Load Rating Continuous Use	40 Amps
Secondary (Switched Output) Suggested Secondary Appliance Amperage	120-208/240VAC <36 Amps
Contacting Type	Latching
Delay Time	Fifteen (15) minute delay to restore power to switched appliance after Current Transformers (CTs) measured power usage under set threshold values
Standard(s) for Safety:	UL 916, Energy Management Equipment CSA C22.2 No. 205-17 Signal Equipment
Testing	UL Certificate of Compliance E510161 US/CAN LISTED
